Johnson Oluwasegun
Full Stack Developer

■ Toulon, France | ■ SegzyCode@programmer.net | ■ segzyportfolio.vercel.app

Professional Summary
Innovative and detail-oriented Full Stack Developer with a passion for building scalable web and blockchain applications. Skilled in both front-end and back-end development, with experience designing modern interfaces and developing decentralized solutions. Focused on clean architecture, responsive design, and delivering high-quality code that enhances user experience.

Skills / Tech Stack
Frontend: React.js, Next.js, Tailwind CSS, HTML, CSS, JavaScript
Backend: Node.js, Express.js, MongoDB
Blockchain: Solidity, Rust, Hardhat, Truffle, Web3.js, Ethers.js
Tools & Others: Git, REST APIs, JSON, Vercel, Netlify

Professional Experience
Frontend Developer — 2021–Present
• Designed and developed modern, responsive web interfaces using React.js and Next.js.
• Focused on pixel-perfect UI implementation, reusability, and accessibility.
• Integrated APIs and optimized frontend performance for better user experience.

Blockchain Developer — 2023–Present
• Built and tested smart contracts using Solidity, Hardhat, and Truffle.
• Developed decentralized applications with Web3.js and Ethers.js integration.
• Worked on NFT and DeFi projects, ensuring secure and efficient blockchain interaction.

Projects
Fluid Protocol
A decentralized lending and borrowing platform inspired by Liquity, built on the Fuel Network. Users can mint stable assets by locking collateral, focusing on efficiency and transparency.
Tech: Solidity, React, Web3.js

Shiba NFT Marketplace
Built decentralized NFT marketplace for minting, buying, and selling Shiba Football NFTs. Integrates wallet connectivity and blockchain transactions for a smooth user experience.
Tech: React, Solidity, Web3.js, Ethers.js

Decentralized Storage Platform
A secure web interface for uploading, managing, and retrieving files on decentralized networks using IPFS. Provides a user-friendly experience for distributed storage solutions.
Tech: React, Web3.js, IPFS

ShopCo Ecommerce Website
A static, responsive ecommerce theme designed to showcase fashion products with clean UI and smooth layout transitions.
Tech: HTML, Tailwind CSS, JavaScript

Education
Bachelor's Degree in Computer Science — University of Toulon, France

Certificates
• Certified Blockchain Developer — Blockchain Council
• Certified Full Stack Developer Curriculum — freeCodeCamp

Tagline

"Building scalable, secure, and seamless digital experiences — from web to blockchain."
